JLA comment on question: Could you guys at JLA test both tissue, water and other environmental samples for the growers?

We have experience testing environmental samples for APC, coliform, generic E. coli, Enterobacteriaceae, yeast, mold, Salmonella and Listeria. We also are certified thru NC state to test total coliform, E. coli and heterotrophic plate count on drinking water. I'm not sure what tests you would need for the tissue samples.

<b>Independent Food Testing Laboratories</b>		
<b><i>Name of Laboratory</i></b>	<b><i>Contact information</i></b>	<b><i>Summary of Microbiology and Analytical Chemistry Services</i></b>
ABC Research Corporation (American Bacteriological & Chemical Research Corporation)	3437 SW 24th Ave Gainesville, FL 32607 352-372-0436 Fax: 352-378-6483	Full microbiology (routine testing, pathogen analysis, spoilage analysis) and analytic chemistry capabilities; ISO 17025–accredited
Analytical Food Laboratories	865 Greenview Dr Grand Prairie, TX 75050-2439 972-336-0336 800-242-6494 Fax: 972-623-0055	Microbiological, chemical, nutritional, and physical analyses; product analysis and development, trouble-shooting, quality assurance, and compliance issues
Central Analytical Laboratories Inc	2315 N Causeway Blvd, Suite 150 Metairie, LA 70001 504-297-3400 Fax: 504-297-3410	Chemical and microbiological analyses of food and agricultural commodities; analyses of imported products (aflatoxins, pesticide residues, heavy metals)
Environmental Systems Service	218 N Main St Culpeper, VA 22701 540-825-6660 Fax: 540-825-4961  3917 Westpoint Blvd, Suite E	<i>Listeria</i> and <i>Salmonella</i> environmental swab programs for food, poultry, seafood, and dairy industry; certified testing for the Interstate Milk Shippers program;

	Winston-Salem, NC 27103 336-659-3378 Fax: 336-659-3379	chemical and bacteriological analyses on water and wastewater; aflatoxin screening
Great Lakes Scientific Inc	2847 Lawrence St Stevensville, MI 49127 269-429-1000 Fax: 269-429-1550	Microbiological and chemical analyses for food manufacturers and processors
JLA Global (J. Leek Associates)	145 Peanut Drive P.O. Box 267 Edenton, NC 27932 Phone: 252-482-4456 Fax: 252-482-5370	Microbiological and chemical analyses for food manufacturers and processors
Microbac	<i>Corporate headquarters:</i> Franklin Corporate Center Suite #350 2000 Corporate Dr Wexford, PA 15090-7605 724-934-5030 Fax: 724-934-5088 <i>Food testing labs in FL, IN, KY, NC, PA, SC</i>	Microbiological testing, chemistry, field services, sanitation programs, consulting
National Food Laboratory Inc	6363 Clark Ave Dublin, CA 94568-3097 925-828-1440	Food chemistry and microbiology services for manufacturers and processors of food, food

	Fax: 925-833-9239	ingredients, agricultural chemicals, and food-related packaging; pesticide residue testing; technical consultation
Rtech Laboratories (unit of Land O'Lakes)	1150 W Cty Rd F Arden Hills, MN 55112 651-481-2207 800-328-9687 Fax: 651-486-0837	Analytical chemistry and quantitative microbiology, pathogen testing, and bacterial identification; ISO 17025 and 9002 accredited
Silliker, Inc	<i>Corporate headquarters:</i> 900 Maple Rd Homewood, IL 60430 708-957-7878 Fax: 708-957-8449	Array of routine and special analyses for microbiology, chemistry, physical testing, meat traceability, and extraneous matter testing; safety and quality auditing; consulting; on-site training; ISO 17025–accredited
Southern Testing & Research Laboratories, Inc (division of Microbac Laboratories Inc)	3809 Airport Dr Wilson, NC 27896 252-237-4175 Fax: 252-237-9341	Chemical and microbiological testing in agrochemicals, food, and feed
Strasburger & Siegel, Inc	7249 National Dr Hanover, MD 21076 888-726-3753	Microbiological testing, residue chemistry, filth and extraneous content analysis, consulting
